### Transforming Lives, Nations, and Generations

Dear Nekesa (Harvester),

We have been blessed beyond measure this year in the Bible School with an amazing team of students from all over the country. We have seen the Lord continue to touch their lives and bring His changes in them throughout this school year. Here, in Bungoma Kenya, the school year operates from January through to November.

Our students would like to share with you their incredible testimonies, and remind you how you have brought change to their lives from right where you are. Your faithful support, your seed, has produced fruit. You are touching lives. You are changing men and women from the nations and equipping the saints for the work of the ministry.

We have compiled some testimonies from the Bible School students, of which among them are three of your boys from the Children's home.

Evan Oketch ~

"I am so happy to have come to the Bible School this year. So far, my life has really changed and I feel a transformation happening in my life. I have learned to live a pure life. I have come to love the Lord more than before and I know what it means to serve the Lord. Through this, I am finding my life purpose, and I know that Christ has to be in the center of it all. What a blessing in my life. Thank you for making all this possible!"

Evan Oketch

Martin Itila ~

"Through being in the Bible School, I have experienced more of God's plan for my life. I desire to study the Bible on my own now, even without being encouraged by our house parents from the Children's home. I also had a difficult time knowing how to express myself before people. I was terribly shy. But now, God has given me such grace and boldness. I now love sharing with people of God's love more than before and this is through Bungoma Bible School. Thank you for paying for me to attend the Bible School."

Martin Itila

Roy Juma ~

"Bungoma Bible School has taught me to walk in the right path that our Lord Jesus Christ has prepared for me. I used to be so worried about what other people thought of me since I was an orphan. But now I have experienced the acceptance of my brothers and sisters in Christ. I know I am loved and I have the courage to be the man God has called me to be. I have been delivered from bad thoughts and actions because I now know who I am. I no longer identify with the boy I once was. I enjoy reading the Word of God and more so, enjoy living a life for Him. The Lord bless Bungoma Bible School and God bless you for paying for me to be here."

Roy Juma

Charisma Elohe~

"I don't know even where to start but I would say, truly God has been faithful to me since I came Bungoma Bible School. I have seen God working in me. My way of thinking has changed from believing the things I desired were impossible to now believing that through Him all the desire He placed in me are completely possible. I have found confidence in God. He has been guiding my steps. Before I came to Bungoma Bible School I would get sick all the time. I was very susceptible to sickness. But since coming to Bungoma Bible School and hearing that Jesus took all my sickness on the cross and paid for my healing, that now Jesus has given me the authority to receive what He paid for and tell the sickness that it does not have permission to be in my body. I am now healed! I no longer battle with sickness as I once did. I have also been transformed and freed from emotional suffering. Since I have been in Bungoma Bible School my life has been radically transformed. God bless you all. Thank you!"

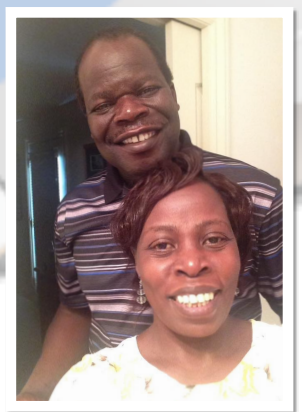

Charisma Elohe

What powerful testimonies from the students of Bungoma Bible School. We thank you for your continued faithful support of the school. It is your financial support that allows us to train up these young men and women in the Word of our Lord Jesus Christ and to take this message into all the earth! Please continue to send your financial support and be part of the impact of transforming lives, nations, and generations!

Forever Grateful, **Justus Ochuro**
