

Created to Create

Dear Nekesa (Harvester),

Leave things as they are! Don't dream beyond your family trade!
Don't rock the boat!

This is what growing up in Kenya has been like; a culture where you are to let things be. Dreaming is not practical and you won't make anything of it... But dreaming is exactly what the Father did when he created the world! Dreaming - it's exactly what He did when he created you and me. We are created in his likeness - created to dream, to create, just like our Father God.

Mama Doris Stotlar

Genesis 1:26 "Then God said, "Let Us make man in Our image, according to Our likeness..."

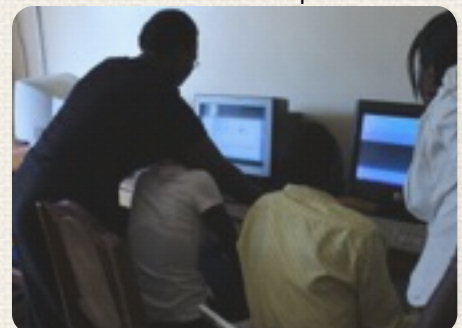

Mama Doris dreamed of a bible school that would teach the unconditional love of our Lord Jesus Christ through The Holy Bible. In this bible school, we dreamed of teaching every person that they are created in the image of our Father - created to dream and create as well as step into the gifting and calling of Our Lord Jesus Christ!

Sewing Class taught by Margaret

In order to see this happen, Margaret and I knew it was time to implement training in various trades. This training will open the students minds to dream beyond the normal, to create and walk out the dreams that our Lord Jesus Christ has given them. They will begin walking in the likeness of their heavenly Father!

Computer Class

Bungoma Bible School currently offers training in the trades of sewing and computer classes. The students are learning and discovering they have talents and gifts they otherwise would have never experienced. They are discovering their destiny and being trained how to walk in it.

We are seeing the students grow and begin to dream of owning their own sewing businesses, a profitable trade in Kenya. Some have grown in their computer skills and step into a trade that is moving into the modern day of Kenya.

These students are dreaming, creating, and rocking the boat! They are being daily transformed into the likeness of their Father, the Creator, through biblical studies as well as training for their futures. 3John 2

Student learning to sew.

Bungoma Bible Ministries is also dreaming... We are praying for at least 10 more sewing machines, so that all the students can be on a sewing machine to learn at the same time. They currently must take turns with only the 2 sewing machines we currently have.

In our computer class we have very outdated computers that do not always work properly. We are praying for better quality computers and more of them, which will accommodate the student growth. We hope to one day expand the options of training to offer training for farming and carpentry.

Bungoma Bible Ministries is dreaming and creating!

We are the living examples to our students of our Father God. He created us in His likeness. To dream as He dreamed and create as He created.

Seeds that create change.

Will you join with us to dream, to create, and be the living example of our Father and Lord Jesus Christ? He has blessed us so that we may be a blessing. We are all created in his likeness, created to create. Come create with us!

Thank you, our partners, for making it possible to train this nation to rock the boat - to dream and create, to truly walk in the likeness of our Father God! Through your support, the world of each of these students is being changed by YOU!

719-822-1108

You Are A Blessing!
