

## New Beginnings and Higher Levels

Dear Nekesa (Harvester),

We thank all of you for being a blessing and for standing with us over the years. Bungoma Bible School, now Bungoma Bible Ministries, is moving to a higher level. We believe that this change is bringing in fresh ideas and new insights.

REBECCA HAMILTON,  
MAMA DORIS, AND  
ME FROM 1988

My Friend, Rebecca Hamilton, was here in Kenya with Doris Stotlar and myself when the doors for Bungoma Bible School first opened in 1988. She has a heart for this ministry along with her husband Jim. Now they have now been led by the Lord, to come along side of us and carry on this great mission.

Bungoma Bible Ministries now consists of new officers elected by board members.

The president, Jim Hamilton, is a Charis Bible College graduate with hands on experience in operating a non-profit organization.

Our treasurer, Rebecca Hamilton, is also a Charis Bible College graduate with hands-on missions training and experience.

Randy Patton, Secretary, is a member of a law firm in Nevada. He is a long term and strong supporter of Bungoma Bible School.

Joanne Crain, daughter of Jane Olson (who was instrumental in the founding of the Children's home), is a board member and is a working nurse in Oklahoma.

Bungoma Bible Ministries is a Colorado based 501c3 created for the benefit of continuing the work in Bungoma and is effective as of this date.

This new ministry will help us to be more effective in ministering to our people and remaining in better touch with all of you.

We also want to give you an update on a new event that has been an impact on our women from all over Kenya.

Recently, we held a 6 day women's conference called "Daughters of the King". We had women come to this conference from all over Kenya and surrounding areas. In this conference the woman heard the truth of their value in who they are, Daughters of the King.

They were set free from the lies of the enemy and out of the over 246 attendees, 100 of the women received the Baptism of the Holy Spirit. What a powerful time of ministry, the Lord is using you to help change Kenya through these woman.

This is the impact that Mama Doris is having to this day. It was her gift, her sacrifice of love to come to the small town of Bungoma to start a bible school and your support of her and this ministry.

Currently, Mama Doris is 88 years old and still resides with us here in Bungoma, in our ministry compound. She is having health challenges and we ask that you keep her in your prayers. We will never forget the care and love, through her ministry, that she brought to us in 1988 and worked diligently to build a shining light of the Lord, Jesus Christ, in Bungoma.

~ Justus Ochuro
