

Are YOU fulfilling the Great Commission?

Dear Nekesa (Harvester),

We have 29 children in our care. While they may be orphans, they are the Children Of God. He has commissioned us to care for the widows and the orphans. We are training up these children in the love and Word of God.

Did you know that children can fulfill the great commission?

We have 25 current Bible School students that are receiving the Word of God and practical training to go out to reach the world. These students are also the ones that will start more churches to reach more people.

Will these students fulfill the great commission?

There are over 50 churches that have been started through Bungoma Bible Ministries. This includes our own 500 member church. Now, because of the growth, we are holding a one week Minister's Conference in March. We believe that it is important to continue providing training and ministry to those that are over these 50 churches. As our pastors are in the villages reaching people with God's Word, we want to thank them and bless them.

Can these churches continue fulfilling the great commission?

This Ministry is reaching out to the highways and hedges, the villages and cities. The great commission from the Lord Jesus Christ is being fulfilled everyday. We see this happening through our children in the orphanage. They are a light to the community of God's love; He cares for every person no matter their situation. We are seeing this happen through our bible school students as they return to their villages to share the Word they have received. We see this continue to happen through our churches as they are refreshed in these conferences. They return with a new passion to reach their people with the truth of God's love!

Through our Partners and Momma Doris' training, we are proud to say how much we have grown this ministry. For the past 10 years, as Mama Doris' health began to fail, we have taken the full responsibility to continue nourishing the seeds she has sown. Margaret and I have given our best to love and care for Mama Doris in the last 10 years. The students and church congregation have also stepped in to care for Mama Doris and continue her work.

We want to see the seeds sown into this good ground by Mama Doris and our supporters not fail now but succeed, as Mama Doris has completed her course and gone into the arms of our loving Lord.

Will you continue to carry the mantle with us? Will you continue to water and grow the seeds that Mama Doris and those with her have planted?

Together we will continue to fulfill the great Commission into the outermost parts of the earth. Together we are caring for the orphans and widows, teaching the bible school students, and reaching the villages with the Word

of God. ~Justus Ochuro
