Dear Nekesa (Harvester),

Happy New Year! This new year holds many exciting changes for us all. We have 10 boys preparing to enter high school this year in February. They are true success stories of what God can do through faithful hands of partners like you!

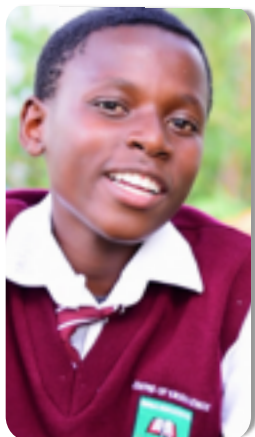

“Pastor Justus took me to school on my first day and helped me enroll in school for the first time. I was now a high school boy! I am so happy to have joined this school. I am grateful to the almighty God for provision and seeing that I reached this point in my life. I am happy.” ~ Carlson Juma, Success Story

“ My school is beautiful and it performs in the top of the national examinations. There is no bullying in my school and my school has a foundation in Christianity. We value God and always pray. I find the students and teachers are very helpful. I thank the Lord for His sustaining grace, that I found provision and never lacked this term.” - Brian Namanda, Success Story

“There’s a certain joy about new beginnings that come only when you do something for the first time. Joining high school for me was such a great experience because I was doing it for the first time in my life. I love agriculture and I scored 84% in it. I was very much excited. I am grateful for everyone who supported me, my church, my sponsors, and even my family back at the home because they have made me who I am today.” ~Edwin Omondi, Success Story

They give us guidance, counseling, and they encourage us. I love my School and I am excited about going back for the next term to see what more it hold. I am also excited to be growing up in the Teremi Boys High School.” ` Nelson Wafula, Success Story

As this new year begins we are all assessing our goals from last year and creating new goals for this year. Bungoma Bible Ministries would be happy to stand in prayer with you on any goals you would like to write to us about. Few have already done so and we hold that prayer close to our hearts and before the throne of God.

We are also pleased to announce, that we are reaching closer to our short term goal of \$6,500 a month from Partners to support the children’s home, the tuition for the boys in high school, feeding and clothing the street boys, and the daily operations of Bungoma Bible School. The Word of Life Church (which was birthed from the bible school) helps with the costs as much as possible. Once this goal is complete we desire to expand and begin to reach into our long term goals.

We have long term goals of be being able to have a girl’s home, as well as send all the children to college. Some are already so close! Once we reach the monthly goals, we desire to one day start towards such long term goals. Will you stand with us to see these goals reached? Through these goals we will see more true success stories created in this nation for the glory of our Lord Jesus Christ.

We want to thank you for your partnership and financial gifts that are providing for 10 boys to attend High School. They are so excited to receive this education that is making them ‘true success stories’.

You Are A Blessing!
