

JUNE 2018

Dear Nekesa (Harvester),

**Bungoma Bible
Ministries**

"But it was fitting to celebrate and rejoice, because this brother of yours was dead and is alive again; he was lost and is found.'" - Luke 15:32

We are inviting you to rejoice with us as we celebrate 3 young boys little that have recently joined our family in the Bungoma Children's home. They were lost, they where abandoned, but now they have been found! We must celebrate!

Hillary was found by good samaritan and taken to the police station here in Bungoma. The police took the initiative to try and help the boy his family, but it was in vain. Due to the poor environment and conditions in which Hillary was found he was emaciated and had scales all over his body. He had received no education. Now, Hillary is with us in the Children's home and is healing, growing in health and will be attending school to receive an education.

Hillary

Timothy was living with his grandmother. She was very poor and did not have any extra to pay to feed or care for him. When Timothy came to live with her she was going to the farms of neighbors to try and find any spare food for Timothy from what was left after the harvest. Timothy was only attending school once a week, if even that. On occasion Timothy's uncle would come over while his grandmother was out looking for food and he was so drunk he would beat Timothy. As a result Timothy has a hearing problems because of the damage created by the beatings from his uncle.

Timothy

I had the oppertunity to visit Timothy and his grandmother. I spoke with his grandmother about an oppertunity to take the Timothy into the Children's home to care for him and provide an education. Timothy got so excited about this that he practically begged his grandmother to go. She was so blessed by this oppertunity for Timothy to be well taken care of and chance at an education that she sent Timothy to come live in the Children's home. We rejoice that Timothy is with us and able to receive the medical care he needs and the education he desires.

Benjamin is an orphan who posted both his parents. He lived with his grandmother who was very sick and was unable to care for Benjamin. He had never been to school after his parents passed away. When we visited the grandmother she told us of how hard it was to care for Benjamin and she could not take care of herself and Benjamin. We tried to help them find other family that could care for Benjamin, but there were none to be found. After many conversations with the grandmother we agreed to take Benjamin to the Children's home. She was so blessed and excited for this opportunity for Benjamin.

Benjamin

We Praise our Lord Jesus Christ for this opportunity to bring home 3 young boys. They are now making friends with the other boys in the Children's home, being loved on by the Home Parents, and receiving the medical attention, nutrition, and education they need to grow and be strong.

It is because of partners, like you, that we were even able to accept these boys into the Children's home to be loved and cared for. The Doctor visits, school fees, clothes, food, and other basic necessities cost us a lot financially. It is through your faithful financial support that provides this opportunity for these boys. They are your children.

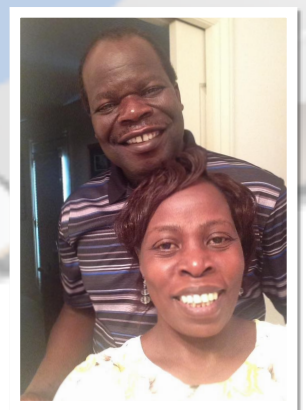

Justus with a few of the new boys.

Jesus said, "Truly, I say to you, as you did it to one of the least of these my brothers, you did it to me." - Matthew 25:40

Be one that ministers to the Lord through caring for the least of these. We'd like to give you the opportunity to partner with Bungoma Bible Ministries, if you are not a monthly partner, to continue providing a home full of love, food, clothes, an education, and medical attention that these boys otherwise would not have received. In this way you are honoring the Lord and caring for the orphans that the Lord has entrusted us to care for.

The whole Bungoma Bible Ministries Team and I pray for God's exceeding blessing over you and all you put your hand to do.

Forever Grateful, **Justus Ochuro**
