

A Place of Transformation and Seeing God Move

**Bungoma Bible
Ministries**

Dear Nekesa (Harvester),

The fields are ripe unto harvest, but the laborers are few...

We were so blessed to have 2 laborers come from a partnering church in Mississippi to visit us and join in the labor of the harvest. During their time with us, Bungoma Bible School was planting a new church in a city called Malaba. They stepped in to help with the church plant and crusade we had planned. Their labor was at the perfect timing of the Lord to help us bring in a harvest of new believers. During the church plant crusade, we saw many people receive Jesus Christ as their personal Lord and Savior.

Praise God, for the He is the LORD of the harvest!

What a blessing to share the joys of a new church plant and the reaping of the harvest with 2 fellow brothers in the Lord. They came alongside Bungoma Bible School to partake in the fruits of their labor.
