

## Charge to Leaders

Dear Nekesa (Harvester),

Some of you may have heard of the civil unrest we have had in Kenya for a few years now. However, within the last several months this violence has grown. There is a growing attack on Christians from the religious extremists from outside of Kenya.

There was an attack on a Kenyan University where Christians were singled out. 147 of them were murdered after proclaiming their faith in our Lord Jesus Christ when asked, "Are you a Christian?"

The onslaught continued when religious extremist entered a Christian Worship Service, seized the worshipers, and began shooting everyone they came across.

Yet in the midst of these attacks and worldly changes, we praise our Lord Jesus Christ that He has kept His mighty hand on our people. We have been praying and declaring Psalm 91 over our people in Bungoma, Kenya. "Though a thousand shall fall at thy side and ten thousand at thy right hand, it shall NOT come nigh thee." He is our refuge and fortress; under His wings we trust and abide in Him.

However, because of these attacks on Christians in Kenya, we have decided to increase security for our Worship Services, our Bible School, and our Children's Home. In doing so, we have needed to increase our budget for the security expense.

We thank each of you for being a partner with Bungoma Bible Ministries. It is your faithful giving that has opened the door for the ministry in Kenya and the opportunity to invest in the lives of all God's children in Kenya. Remember that the Kenyans were living in peace - the attackers were from a different country.

We are not asking you to increase your giving beyond what your cheerful heart has already done. We are so grateful for your continued faithfulness in giving.

We believe that your tithe belongs to your local church where you are fed the life giving Word of our Lord Jesus. We also believe that your offerings given to Bungoma Bible Ministries are seed sown into good soil, and we know God is faithful to return a harvest to you. The harvest is already visible in Kenya where the people are willing to die for His Name.

This month we would like to charge you, our leaders. We charge you to take the 2 extra letters in this envelope and share what God is doing in Kenya with your friends and family. We are praying for 75 new partners this year to join in the work of the ministry for Bungoma Bible Ministries.

Will you help us reach this goal?

Will you take the charge as a leader of Bungoma Bible Ministries?

We know that Bungoma Bible Ministries is a passion of your heart. As you share that passion in your heart with others, you will be a leader for Bungoma Bible Ministries, and share in the rewards of sowing seed into good ground.

Thank you for your Partnership and spreading the word by being a leader with your friends and family.
