Dear Nekesa (Harvester),

When Peter was out fishing he found himself toiling all night without catching even one fish. Then Jesus came by and told Peter to cast his net on the other side of the boat.

Peter was feeling tired from all the work, and thought that setting his net on the other side of boat surely would not make a difference. But, because Jesus said to do it, Peter lifted his nets and cast them on the opposite side of the boat.

Peter was suddenly over come with so many fish! In fact, the fish were practically jumping in his boat! It became so heavy with the harvest it began to sink; so Peter called over the other fisherman. These fishermen partnered with Peter, working to catch the bountiful fish from the sea. In their partnership with Peter they were more than blessed in their labor together with him.

After this experience, Jesus spoke to Peter and told him that He would make Peter a fisher of men.

You are fishers of men! You have partnered with Bungoma Bible Ministries to be part of catching the great harvest before us. It was Mama Doris who first heard the voice of the Lord, like Peter, and obeyed. Our Lord Jesus Christ told Mama Doris to 'go and start a bible school in Kenya.' When she came in 1988 to Bungoma, I was honored to partner with Mama Doris as her translator and disciple; to build the bible school and make disciples along side her. Both Mama Doris and I were able to do this because of your partnership with us.

Now as her legacy continues as 'Bungoma Bible Ministries' through your financial and prayerful partnerships. We are bring in this bountiful harvest together.

This month we want to take a moment to reflect upon all that you have done through Bungoma Bible Ministries because of your partnership.

We currently have four of our young men attending Bungoma Bible School. These students, whose testimonies you have heard in the January Newsletter are here to be discipled as well as learn how to disciple, change their communities, cities, villages, and even nations. They are growing in wisdom and truth through the sound biblical teachings from the Word of Our Lord Jesus Christ. They are being transformed by the Word so that they can then go on to transform the lives of nations and generations.

We currently have 39 children in the Bungoma Bible School Children's home! Of these children 9 are receiving a High School education because of your partnership. As we have the 4 boys that are currently attending Bungoma Bible School, some are praying for the finances to attend the University. All of these boys are receiving the unconditional love and care that each child of God should receive. They are your children; you have provided everything for them through your partnership.

We are currently feeding and clothing 35 to 75 street kids (depending on their choice to come). It takes only a \$1 a day per child for them to eat something. We take time to love on them and share with them the unconditional love of Jesus Christ. You are the one who is bringing this hope to their lives, because of your partnership.

This year, because of your financial partnership, Bungoma Bible Ministries was able to fix the septic on the property, purchase a ministry vehicle for the transportation of the children from Bungoma Children's home as well as the partners who came out to paint the Bible School and do improvements on the children's home.

You are fishers of men with every prayer and every financial gift. You have made and are truly making a difference to impact lives, nations, and generations. Thank you for your partnership and continuing to be fishers of men!
