Restoring Life

Dear Nekesa (Harvester),

Thank you for your prayers for Margaret and I. From the last newsletter in September, we shared with you Margaret's battle while we were in the United States. We are back in Kenya, back home, and Margaret is doing very well. She is jumping back, full force, into all the work of the ministry.

Also last month we shared with you about Joseph's heart condition and that he left us to be with our Lord Jesus Christ. This has been the first time for us to lose a child and is a hard time for the boys in the Children's home, especially for Amos, Joseph's brother. We praise the Lord that we still have the great blessing of having Amos with us and that we are able to walk with him through the grieving of his brother, sharing with him the love of Jesus. We remind Amos and the boys in the Children's home, that we have Hope; we will see Joseph again in the arms of Jesus! Please continue to pray for Amos.

Bungoma Children's Home has been growing again. We have received a new boy in our home. He was just recently brought to the Children's Home by the police for us to care for him. We are working with the government to learn more and discover how long will have him with us.

Amos, Joseph's
Brother

Our new boy in
the Children's
home

Justus with the boys

The Children have embraced the new brother into their home and we know his time with us will be one where he experiences the love of Jesus in a way he will never forget.

OCTOBER 2018

Our older boys that are currently in High School are preparing to graduate. When they do, we have all our boys go through Bungoma Bible School before moving out to seek their own path.

We are so blessed to have the opportunity to train our boys in the foundation of the Word of God and know His true Nature before they head out into the world where it is taught otherwise. They leave here with a firm foundation in their relationship with Jesus and the knowledge of who He is. We believe this is absolutely vital for how they will continue to grow strong in the Lord in the midst of the tares of this world.

Proverbs 22:6~

Train up a child in the way he should go, and when he is old he will not depart from it.

While the boys are training at Bungoma Bible School they will be living at the men's dormitory with the other Bible School students. This will help them grow with other believers in the Word of Our Lord Jesus Christ together.

The men's dormitory is in need of some renovations for this next school year of February - November of 2019. We need some repairs to the roof, we need a kitchen for the dormitory, and we need to get proper plumbing for the men's restrooms established. Currently we do not have space in the budget for the repairs that are needed. This means that we will need to raise funds above the faithful monthly support provided by our partners. Kenya is an emerging economy which experiences modern conveniences in some places but is still not in the grasp of the common people.

Would you prayerfully consider giving extra, above your current gifts, to help towards this restoration project?

Thank you again for your prayers, your financial support, and your love for Margaret and I. We thank you, and we thank our Lord Jesus Christ for you in prayer often.

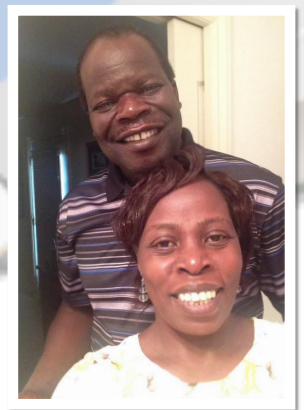

Forever Grateful, **Justus Ochuro**
