

Raising up the next Generation of World Changers

Dear Nekesa (Harvester),

We are delighted to announce the commencement of the 2024 season at Bungoma Bible School with a tremendous sense of excitement and privilege. As we kick off the new year, Bungoma Bible School is buzzing with enthusiasm, and we are thrilled to welcome a total of **45 students** into our Year One program.

Bungoma Bible School currently has 2 Bible School locations. We also started an online Bible School during the COVID pandemic to reach more people.

In our main campus in, Bungoma, we have a total of 18 new Year One Students. In our campus in Busia, we have had another 17 students enroll in Year One. Our online program has received 10 Year One students. This brings the total to an impressive 45 new students for our 2024 School Year! They are all eager and excited to study the Word of God to be trained up for taking the Gospel around the world! Each student is contributing to the vibrant diversity of our student Body!

Each of these students is embarking on a journey of spiritual growth, enrichment, and personal development for the kingdom of God.

APRIL 2024

We are passionate and excited to pursue our mission of equipping members of the Body of Christ for ministry and service, which we have dutifully pursued for 35 years and amidst vast changes in the country. We continue to empower students and alumni to be witnesses for Christ and for missions to our villages, cities and to the nations. Much has changed, for the good, because of the school. This has been experienced through more than 500 ministries birthed by the students of the Bungoma Bible School.

New Year One Students at the Bungoma Campus!

We desire to build up the students, help them discover their gifts, and learn how to relate that gift. It's a great blessing for us to witness various gifts and talents awaken in the lives of believers. When this happens, there's a direct benefit to their involvement in ministry, alignment of their passions, and goals in life.

Every student will be stretched in their thinking as well as understanding. Some of our students have little or no education, and it gives us great joy to witness this mastery of comprehension and wisdom in Biblical matters. We are able to do this by helping them understand and apply the Bible not just for academic purposes, but in order to solidify their foundational beliefs and nourish their spiritual life.

We extend our heartfelt gratitude to all our faithful financial partners. Together, we are creating an environment where individuals can deepen their faith, broaden their horizons, and become catalysts for positive change in their communities and beyond.

Forever Grateful,
Justus Ochuro
