

## Equipping the Saints

Dear Nekesa (Harvester),

In November of 2024 we had the privilege to graduate 100 Bungoma Bible School Students. These men and women are now taking this message of the Gospel to new cities and countries, such as Uganda and Nigeria to share this Gospel News with those who have not yet heard!

We have been excited to launch this new year of Bungoma Bible School with all our new students and over 50 returning students.

These young men and women come to Bungoma Bible school from all over Kenya and other African nations. They come to receive training in how to do the work of the ministry.

*Ephesians 4: 11-13* "And he gave the apostles, the prophets, the evangelists, the shepherds and teachers, **to equip the saints for the work of ministry**, for building up the body of Christ, until we all attain to the unity of the faith and of the knowledge of the Son of God, to mature manhood, to the measure of the stature of the fullness of Christ".

We provide this training through doctrinally sound bible teachings and practice teaching the word in public through hands on experience organizing and ministering in Crusades (outdoor meetings). They also receive training in computers, sewing and other practical skill sets. This provides them with the skills to be "tentmakers" as Paul was during his ministry years.

We have seen great training success and local success from the crusades. Many churches have been established in the villages as a product of these crusades.

As a result of the students being trained in the truth of God's Word, they return to their hometowns/villages to establish churches and return to the work force creating an impact in their communities for the kingdom . We have seen 500 churches planted from our graduates since the start of Bungoma Bible School in 1988.

All the students that come to Bungoma Bible School are provided free housing and free tuition. They are only responsible for their food. In Kenya, and in Bungoma, especially, it is very challenging to find work due to the low employment rate in our country. Therefore this school can only be made possible through donations from supporters and partners like you.

We have this privilege to train these men and women in the Word of the Lord and prepare them for the work of the ministry. We are blessed to provide this education and training that changes their lives and the lives of every person that they will reach with the Gospel. This is your reward as well because of your partnership with us!

Thank you for giving to the Lord! These are just a few of the lives that are changed because of you!

Forever Grateful,  
**Justus & Margaret Ochuro**
