

Improvements that Empower

Dear Nekesa (Harvester),

We have all experienced hardship in our lives. While it may be for various things, we all understand the emotions of feeling stressed by the difficulty of our environment.

For many years, our children that live in our Bungoma Children's home, have experienced the blessing of being loved, while still experiencing the emotional stress of living in conditions that are less than ideal. The Children's Home has had dirt floors, outdoor wood fire for cooking, and very old furniture that was broken most of the time.

Because of **YOU** our partners, our children now have a home where they can feel at peace and where they can focus on their school work without the emotional distress of the inadequate living conditions they have had. We know that children will perform better in their school work, to receive good grades that affect being able to attend university, and ultimately provide open doors of opportunity for a bright future.

We had prayed and asked the Lord for increase in our Bungoma Bible Ministry partners and giving so we could enhance the living conditions for our children. He promised to provide for all of our needs, to be a father to the fatherless and execute justice for the orphan.

Philippines 4:19 ""And **my God will supply every need** of yours according to his riches in glory in Christ Jesus".

Psalms 68:5 "**A father to the fatherless**, and a protector of widows, is God in his holy habitation".

Deuteronomy 10:18 "**He executes justice for the fatherless** and the widow, and loves the sojourner, giving him food and clothing."

The Lord has answered our prayers! It is because of **YOU**, our beloved partners, we have experienced the provision of our Lord Jesus Christ for every child in the Bungoma Children's Home!

These are the improvements that have created a stress free environment that are **empowering the children** to perform at their best!

Facility Improvements:

1. New Equipments

We received a water purifier, refrigerator, gas cooker, washing machine, utensils, clothing and foodstuff. These items have improved our daily living conditions.

2. Exterior and Interior enhancements

We repainted our home's inner walls, repaired the windows and tiling the entire floor to create a cleaner more hygienic space.

3. Kitchen Expansion

We've expanded the kitchen, tiled the floor, and repaired the cooking area. However, we face challenges with ventilation and the chimney, which we hope to resolve soon.

These improvements have empowered our children and our staff to serve each other and to give their best to each other, their school work, and their growth in the Word of God. They have been relieved from the emotional stress of inadequate living conditions.

Thank you for your family's sacrifices to give to Bungoma Bible Ministries and provide **improvements that empower** our children.

Thank you for giving to the Lord! Margaret and I pray often for you, and we thank the Lord for you everyday. We stand in prayer agreement with you for any improvement you are desiring in your lives. The Lord is a good Father who provides for all your needs! **Phil. 4:19**

Forever Grateful,
Justus & Margaret Ochuro
